## I. Company Background

Davao Golden Hardware, Inc. was established in 1970, as a family business venture. It has grown from a very small retail store into one of the biggest and most competitive hardware stores not only in Davao City but in the whole of Mindanao as well. From its humble beginnings, the company now has several warehouses in strategic locations, with a combined storage area of more than 30,000 square meters. After four decades, the company is now a major supplier of construction materials for major infrastructure projects, including mining, in the city, in Mindanao and some parts in Visayas.

It has a wide array of industrial and construction materials, ranging from PVC products, paints and elastomers, industrial tools and machineries, to light and heavy-gauge steel and alloy products.

Davao Golden Hardware, Inc. is among the Top 10,000 Corporations in the Philippines and belongs to the Top Ten Taxpayers in Davao City. Davao Golden Hardware maintains a lean but efficient and hardworking workforce, to easily cater to the needs of its customers.

The company is now taking a proactive role in shaping and building a new and industrialized community.

## II. Our Vision, Mission

### Vision

To become the leading construction supplies company in every market where we compete by providing superior value for money products and efficient services to our customers.

### Mission

To build long-term relationships with all stakeholders by:

- Providing a nurturing and positive environment for employees who will work for the betterment of the company which seeks to provide them with a stable future;
- Conducting our business with integrity through our strict adherence to product quality standards and efficient services, ensuring that our customers will keep on coming back to us.

## III. Core Values

### ● Quality

*The finest products are ours.*

We commit to uphold market quality standards to ensure both customers' and the end users' safety at the same time promotes innovation and creativity.

### ● Customer service

*Utmost professionalism is our way of working.*

We practice a highly customer-oriented service where clients are treated with utmost professionalism and respect.

### ● Value for money

*Customer satisfaction is our motivation.*

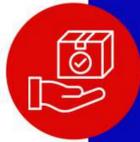

We pursue 100% customer satisfaction where clients get what they pay for.

## IV. Our Services

At Davao Golden Hardware, we offer a wide range of steel products and services to meet the diverse needs of the construction industry. Our commitment to quality, reliability, and customer satisfaction sets us apart as a trusted partner in your construction projects.

### Delivery On-Site

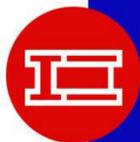

We offer complimentary delivery within Davao City, ensuring your orders reach you within 1 to 3 days from the date of purchase. For clients outside Davao City, a trucking fee will be applied based on the location and order volume. Additionally, we provide shipping services to Visayas or Luzon, tailored to your preferred method.

### Prefabricated Steel Building - Design and Build

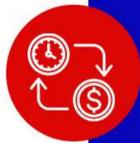

Our upcoming prefabricated steel building services will offer a modern alternative to traditional construction, enabling quicker project completion while maintaining the highest standards of integrity and durability. We are pleased to offer consultation services, with our team of highly skilled engineers ready to guide you through every stage of your building project.

### Steel Casing Fabrication

For your bored piling needs, we offer LSAW steel pipe casings, locally manufactured in Davao, at highly competitive prices. Our casings are available in sizes ranging from 450mm to 2500mm in diameter, with thicknesses from 6mm to 16mm, and lengths between 6 meters and 15 meters.

### Flexible Payment Terms

We offer flexible credit terms, available upon approval. To apply, simply download and complete the attached form, and submit it to us for processing.

### Sheet Pile Driving Services

We offer backhoe units equipped with vibrator attachments for rental, providing valuable assistance for your sheet piling projects at competitive rates. For your convenience, we can also include mobilization and demobilization of the heavy equipment in our proposal, ensuring a seamless and efficient project execution.

# V. Our Product
